It is with a great deal of pleasure that I submit this letter of recommendation on behalf of Chef Kahlil Wyche. My husband and I host a annual fete' and last summer we had the pleasure of Chef Kahlil 's services. What impressed us most was our consultation with Chef Kahlil four days before our event. He mapped out our yard dementions, carefully went over our menu and provided signed contracts for our records.

Chef Kahlil provided lavish amounts of food and alleviated alot of our stress. That was important to us because we were able to greet and mingle amongst our guests. Although our menu was somewhat conventional, our family and friends still reminisce about the tasteful cuisine and the extraordinary seafood dishes he prepared.

Chef Kahlil has excellent people skills and he is capable of establishing a rapport with his clients in a professional manner. I truly believe Chef Kahlil will be an asset to the "Culinary Profession". To sum it all up, he is a connoisseur in his profession and he is truly incomparable. My husband and I deliver high accolades in his regards and we both look forward to Chef Kahlil's services next year and every year.

Sincerely,

Dana & Tyrone Baker
